

## By 2019, South Carolina could be a medical marijuana state!

State Representative Todd Rutherford has introduced two bills.

- **H. 3128, the Put Patients First Act, would legalize medical marijuana**, set up a dispensary and registry system, and allow home cultivation.
- **H. 3162, would legalize possession of marijuana by veterans with PTSD** who have received an honorable or general discharge.

State Senator Tom Davis has introduced another medical marijuana bill.

- **The Compassionate Care Act would, also, legalize medical marijuana** and set up a dispensary and registry system; it does not include home cultivation.
